41st Public Sale of

RARE COINS

To Be Sold by Mail Auction
to the Highest Bidder Without Reserve

TUESDAY, JULY 17, 1928, by

M. H. BOLENDER

P. O. Box 34

Orangeville, Illinois

To Collectors—I respectfully call your attention to some very choice large cents and dollars offered in this sale. Many of these are gems, as well as some of the Colonial coins and others. Please make your bids liberal according, so as to avoid disappointment on your part and I will buy below your bids where possible. Satisfaction with material bought absolutely guaranteed.

My forty-second sale to be held August 15 will be a splendid one. If you contemplate selling your collection or duplicates in this sale, please get the coins to me not later than July 15, to make certain of entry in August sale.

I shall continue my monthly mail auction sales during all the summer months.

Keep on my mailing list by sending bids, or if you find nothing to bid on, request next list simply by a postal card. You will find a great variety of numismatic material in this sale, some choice and rare items, and will be well paid for giving the contents of this sales list your careful perusal.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. This fee is very low for the superior service I expect to give you.

Collectors of experience find that not all dealers classify coins alike.

My classifications and descriptions are based on knowledge gained through 15 years of earnest dealing in coins. I have endeavored to refrain from over-rating the quality of a lot, which is so common. I believe that the word "RARE" should not be over-worked.

Please remember my strong guarantee. If goods are not satisfactory (you are to be the judge), you are at liberty to return them without any danger of offending.

New bidders should send references or a deposit of at least 25 per cent of bids.

Coins will be bought as much below your bids as possible, as this is competitive bidding carried out in good faith.

If you do not know how much to bid on any item, write me and I shall be glad to inform you as to its value.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft, or money order itself is a receipt and we ask you to pay only once. However, if a 2-cent stamp is enclosed we will send receipt.

Some new unsolicited testimonials recently received:

"I am enclosing my check for March sale purchases. I am very much pleased with these coins, and in fact, I think anyone can depend on the condition of your coins being as they are described. It is a pleasure to buy coins from a dealer I can depend on."

"I have today received what you have sent me from your April sale and must say that I am more pleased with today's receipts than ever before. They seemed to me an extraordinary value."

"I am more than pleased with the coins. I will say that you do not over-rate the condition. Do not forget me when you hold your next auction as I will know better how to bid, knowing full well the condition the coins will be in."

Let me sell your collection or duplicates in these sales. Quick returns and satisfactory results are realized. My sales are held regularly each month. Write for terms.

Please bid by the piece unless stated to bid for the lot.

LARGE U.S. CENTS (Some Choice)

 1.10 595. 1857 small date, unc. part red.

Note—I want to thank my many customers for our pleasant dealings, and especially for the words of general satisfaction received, and prompt remittances. The high character of collectors is easily observed by a dealer.

Next Sale Will Be August 15. Get your coins in not later than **July 15** for this fine sale, because the cataloguer **MUST** take his annual fishing trip to prevent himself from going plumb crazy over coins.

Those duplicates in your collection are doing you no good. Send them in to be sold in my next sale now in preparation. Then invest the proceeds in something you want. That is the way several prominent collectors are improving their collections with joy.

Quick returns and satisfactory results are realized as I hold sales regularly each month. Write for terms. Member of American Numismatic Association.

Yours for superior numismatic service.

M. H. BOLENDER
Orangeville, Illinois

COLLECTING IN THE SUMMER

A few coin collectors entertain the theory that the science of numismatics lies dormant during the summer months. Contrary to this idea, my experience teaches me that I should place the science in the band-wagon with ground-hogs and reptiles that would just as soon hibernate in the winter, if there is to be any lull in affairs.

More bids were received by me at my 40th sale (June) than at any previous sale I have conducted. Interest in coins on the part of a true collector can not smolder in the summer. The live collector would miss too much fun, along with too many choice coins that he can not pick up just when he pleases. A glance through this catalog will prove to you that this sale offers coins that can not be bought just any place any time.

The summer time is not too hot for collecting. There are many agreeable days and some rainy ones too in most parts of the country. Today is June 25 and we have furnace fire in this three-story brick building in which I am located.

Vacations? Sure, we all should have them. But work requires that many people spend their vacation in the winter at some winter resort in California or Florida or elsewhere. This does not seem to interfere much.

The A.N.A. convention comes in mid-summer. This certainly brings coin collecting uppermost in the minds of many, and creates much new interest.

If you would be a successful collector of coins, be ever watchful and never lessen your interest.
